

## ***Registering for a Sport or Activity***

**Follow these instructions to register your child for a sport or activity:**

***Please note: We highly recommend you use Mozilla Firefox when creating and using your MySAM account. If using Internet Explorer or another browser, some pages will not be able to be viewed.***

- Go to the PSA website at [www.psaplano.org](http://www.psaplano.org)
- In the upper right corner on the Home Page, select **MySAM Login**
- Enter your login information (email address and password)
- Select **Register** from the black task bar.
- Choose your **Registration Type** (Classes, Camps, Clinics, Tryouts, Teams & Leagues, Tournaments & Cups)

### ***To Register for Classes, Camps, Clinics or Tryouts:***

- Select the appropriate **Registration Type**
- Select the family member you are registering.
- The system will display a listing of all activities this family member is eligible for based on age and gender. You may filter your choices by selecting a specific Program Type or Season. Once you have made a sport or activity choice, select **Register** to left of the activity. Complete the necessary information and hit **Continue** which will take you to the shopping cart. You may register other family members for other sports or activities which will enable you to check out only once.

### ***To Register for Teams & Leagues and Tournaments & Cups:***

- Select the appropriate Registration Type
- If you are registering as an Individual not currently on a team, select **Individual**.
- Select the family member you are registering.
- The system will display a listing of all Individual Registration Sports this family member is eligible for based on age and gender. You may filter your choices by selecting a specific Program Type or Season. Once you have made a sport choice, select **Register** to left of the sport. Complete the necessary information and hit **Continue** which will take you to the shopping cart. You may register other family members for other sports or activities which will enable you to check out only once.
